Welcome to EURAXESS in Spain

In the EURAXESS Spain portal you will find information on job and funding opportunities and on administrative procedures that affect researchers and their families when moving to a foreign country.

EURAXESS Spain is part of a European Commission initiative to help mobile researchers. This Network is made of more than 300 European Services Centres in 40 different countries that provide free of charge assistance to researchers and their families in matters such as visas, recognition of diplomas, social security and any other legal and cultural aspects.

BRIDGEHEAD ORGANISATION PERFORMANCE ASSESSMENT TOOL (PAT)

BHO Performance Assessment Tool

Tools

This is an online instrument dedicated to **EURAXESS Bridgehead Organisation Coordinators**, helping them plan their activity on a yearly basis, also facilitating the assessment of the implementation level versus the planned objectives. **(Only BHO can access the tool)**

PAT supports the creation of a customisable action plan, based on the priorities of each national network. In addition, it aligns our collective efforts to the same strategic goals, for a larger reach and impact within the communities we serve.

PAT consists of 3 phases, clearly defined throughout a complete annual cycle:

- + Set Objectives (15 January - 15 February 2018)
- + Mid-Year Performance Review (15 June - 15 July 2018)
- + End-Year Performance Review (15 November - 15 December 2018)

THE EURAXESS SERVICES DIMENSIONNING TOOLKIT

The EURAXESS Services Dimensionning Toolkit

This tool is made to help you with your strategic choices and at the same time with the actions needed to secure your service portfolio by providing your target group with services of good quality. The tool is quite generic in its nature. The reason for that is that it must be usable for any institution at any level. Whether you are a newcomer to the network building slowly your service portfolio or are an experienced member offering every possible services, this tool can help you with achieving your goals.

The screenshot shows the EURAXESS LinkedIn company page. At the top, the LinkedIn navigation bar is visible with icons for Home, My Network (12), Jobs, Messaging (1), Notifications (2), and Me. A search bar is on the left. The main header area features the EURAXESS logo (three interlocking circles) and the text "EURAXESS Education Management • Brussels, Brussels • 800 followers". Below this, there is a link "See all 16 employees on LinkedIn" and buttons for "Following" and "See jobs". The "About us" section describes EURAXESS as a pan-European initiative supporting researcher mobility and career development, backed by the European Union. It also mentions Science4Refugees, a Commission initiative helping refugee researchers find jobs. The "Company details" section is partially visible at the bottom. On the right side of the page, there is a promotional banner with the text "Your dream job is closer than you think" and a "See jobs" button. Below the banner, a section titled "People also viewed" lists two related organizations: "EURAXESS Deutschland" (Research, 11-50 employees) and "European Commission" (Government Administration, 10,001+ employees).

About us

EURAXESS - Researchers in Motion is a unique pan-European initiative delivering information and support services to professional researchers. Backed by the European Union and its Member States, it supports researcher mobility and career development, while enhancing scientific collaboration between Europe and the world.

EURAXESS is also your gateway to Science4Refugees, a Commission's initiative helping refugee researchers find suitable jobs in today's challenging research landscape. Part of the initiative, is the Science4Refugees Research Buddies, supporting refugee scientists in finding European researchers to discuss problems, find solutions and study together, by matching their research field, scientific studies and interests.

HOME > ONGOING COFUND PROGRAMMES IN SPAIN

MSCA-COFUND PROGRAMMES

MSCA-COFUND programmes are European Commission initiatives that offer additional funding for new or existing regional, national and international programmes to provide an international and intersectoral dimension to research training and career development. Doctoral programmes as well as fellowship programmes for experienced researchers can be supported.

Therefore these actions are meant for organisations that fund or manage doctoral programmes or fellowship programmes for researchers. Each COFUND proposal should have a sole participant, which could be a government ministry, regional authority, funding agency, university, research organisation, research academy or enterprise.

Once the COFUND proposal is selected to be funded, the applying organisation will open up a call to select researchers to enroll its doctoral or fellowships programmes.
